COLE CHRISTIAN UYAN

FULL-STACK DEVELOPER

Cebu, Philippines | uyancole@gmail.com | https://coleuyan.vercel.app

SUMMARY

Freelance Full-Stack Developer with expertise in building high-performance web and mobile applications. Experienced in collaborating with clients to design and deliver tailored solutions, from responsive UIs to scalable backends. Skilled in modern frameworks and cloud platforms, with a focus on usability, speed, and business value. Adept at managing projects independently and working in remote teams

TECHNICAL SKILLS

Frontend Development
- Advanced skills in React.js, Next.js, and TypeScript (SSR, ISR, API routes, performance optimization)
- Experienced in building reusable components and modern React patterns (hooks, context, SWR)
- Strong UI development with Tailwind CSS, Bootstrap, and responsive design

Mobile Development
- Cross-platform app development using React Native (iOS & Android)

Backend & APIs
- Proficient in Node.js, Express.js, and PHP for API and backend development

Cloud & Databases
- Hands-on with Firebase (Auth, Firestore, Cloud Functions)
- Database experience: MySQL, PostgreSQL, MongoDB, Firestore

Design & Optimization
- UI/UX prototyping in Figma
- Knowledge of SEO, accessibility, and performance optimization
- State management with Redux, Zustand, and React Query

Tools
- Strong in Git and GitHub for version control and collaboration
